

# Spookin The Horses

Benjamin Dakota Rogers

You're spookin' the horses  
They're wild and they're scared  
Your bright-colored make-up  
And those clothes that you wear  
Well, I seen you dancing'  
Last night 'neath the trees  
Your spookin' the horses  
And you're scarin' me

Where the road meets the highway  
Those bright city lights  
They musta shone through your windshield  
And got into your eyes  
I guess you thought  
That they'd set you free  
You're spookin' the horses  
And you're scarin' me

You're not tyin' your hair  
Back anymore  
And you're wearin' dresses  
Like you never before  
And you're drivin' faster  
Than I've ever seen  
You're spookin' the horses  
And you're scarin' me

Well, I can hear the gears grinding'  
Where you made the turn  
Up on the skyline  
Those headlights just burn  
The horses go runnin'  
And my heart just screams  
You're spookin' the horses  
And you're scarin' me  
You're spookin' the horses  
And you're scarin' me
