

Big Fish

Benjamin Francis Leftwich

Big fish little pond, I just want you safe
Big fish little pond, soon becomes your grave
Ghost town, tourist town, I've seen it in your diamond face
We don't talk anymore
We don't love anymore
We don't trust anymore
We don't talk anymore

Young thugs, worn out doves, trying to take your fame away
This stoned wall city's got you stuck in with so much to say
You can escape if you try
Your friends are all fake and they lie
I just tried to throw you a line
You can escape if you try

Brother I was only ever trying to show you that I got a lot of
love for you
Give a little light in the dark
Tomorrow I'll be with you if you're here if you're not
Can we break through the rocks of the walls where we're stuck

Brother I was only ever trying to show you that I got a lot of
love for you
Give a little light in the dark
Tomorrow I'll be with you if you're here if you're not
Can we break through the rocks of the walls where we're stuck

Brother I was only ever trying to show you that I got a lot of
love for you
Give a little light in the dark
Tomorrow I'll be with you if you're here if you're not
Can we break through the rocks of the walls where we're stuck

Brother I was only ever trying to show you that I got a lot of
love for you
Give a little light in the dark

Big fish little pond, I just want you safe
