

Bottle Baby

Benjamin Francis Leftwich

Took a ride home
Woke up in the snow
Went out to bury my dog
Drink the rain up
Put on a brave face
For a brave day
Don't need no human heat
To make me feel okay

Then I heard you say
I got punched out today
I don't need no bottle baby
To make me feel okay

Got out of the car
Ten years too far
Motorway bar, cigarette on the tar
Put on a brave face
For a brave day
I don't need no bottle baby
To make me feel safe

Then I heard you say
I got punched out today
I don't need no bottle baby
To make me feel okay
