

Cocaine Doll

Benjamin Francis Leftwich

You're waiting by the stone wall
You're money in your hands
Twisted and turned by the fires that burn
You said, "I am making a stand"

You said, "Please for me
I wanna be set free
I need you to be
Swimming in the sand freezing, with me"

You went out on the snow horizon
Pointing to the coast
You said, "The thunder is all I've got
But it's home I'm missing most"

You said, "Please for me
I wanna be set free
I need you to be
Swimming in the sand freezing, with me"

You were caught under good intentions
Your lips were painted blue
You said, "I've tried all prevention
Nothing's coming through"

You said, "Please for me
I wanna be set free
I need you to be
Swimming in the sand freezing, with me"
