

Gratitude

Benjamin Francis Leftwich

Finally can see it
I've landed on the ground
Look at all the peace I've found
Better in the mornings
I appreciate the sound
Birds sat in the garden now

If somebody had told me then what I know now
Would not have listened, I wouldn't have known now
Would have burned down all the bridges
Put up walls around everything I needed so nothing could be found

Now, I know what I'm prayin' for
Not to waste anytime like I wasted before
Now I know what I'm stayin' for
No more

Now, I know what I'm prayin' for
Not to waste anytime like I wasted before
Now I know what I'm stayin' for
No more

Now, I know what I'm prayin' for
Not to waste anytime like I wasted before
Now I know what I'm stayin' for
No more
