Sometimes

Benjamin Francis Leftwich

Sometimes I feel like all the time
Is gonna run out and leave me far behind
Sometimes I see beauty in the fire
Yeah sometimes the water is the wine

(Bear with me)
I don't know where I've been goin' wrong
(Bear with me)
Punchin' through water for too long
(Bear with me)
Like there's nobody here that I could call upon
(Bear with me)
'Pon
Half the time I'm a million miles away

Sometimes I'm plannin' an escape
When the traffic's slow I could waltz away
And I remember how you used to say
When in doubt, leave it out, you can start again

(Bear with me)
I don't know where I've been goin' wrong
(Bear with me)
Punchin' through water for too long
(Bear with me)
Can nobody tell me where the color's gone?
(Bear with me)
Gone
Half the time, still a million miles away
So much has changed
But I still feel the same

There are times I don't care for nothin'
Got the look of a storm in my eyes
As the world turns around I am runnin'
Runnin' away almost every night

Sometimes I feel like all the time
Is gonna run out and leave me far behind

I never needed trust
Was never patient enough
I break up and fall through the ceilin'
I never needed trust
Was never patient enough
I wanted to find love and I knew where the city was

(Bear with me)
(Bear with)
(Bear with)
(Bear with me)
