

Don't Leave Me Hanging

Benjamin Ingrosso

Don't leave me hanging
Oh don't leave me hanging on the phone tonight

Too much for random
No don't leave me hanging on the phone tonight

You got my number
I know you do
You took me under
And made me new

How do you love somebody?
How do you lust for more?
How do you long for someone?
Someone you met once before

How do you trust somebody?
After a one night stand
When they say I'll call you again

Don't leave me hanging
Oh don't leave me hanging on the phone tonight
Too much for random
No don't leave me hanging on the phone tonight

I want you honey
Honey you can wear me out
But I'm begging you now

Don't leave me hanging
Oh don't leave me hanging on the phone tonight

Last night was fun, yeah
But more than that
Last night was special
So call me back

How do you love somebody?
How do you lust for more?
How do you long for someone?
Someone you met once before

How do you trust somebody?
After a one night stand
When they say I'll call you again

Don't leave me hanging
Oh don't leave me hanging on the phone tonight
Too much for random
No don't leave me hanging on the phone tonight

I want you honey
Honey you can wear me out
But I'm begging you now

Don't leave me hanging
Oh don't leave me hanging on the phone tonight

Don't leave me hanging on the phone tonight
