

Don't think I tried this one before  
All my friends left, it's all their fault  
Yeah, you could be so easy (oh, it's getting late)  
Something for the weekend (you can make mistakes)  
A dirty little secret (falling into me)

I think I like it, honey

I feel alive, can you feel it  
Out of the sky when my eyes see you  
I can fly (it's the real thing)  
I'm the kite I'm getting high on you

I fall in love, on the ceiling  
Now call you mine, is all I want to do  
I can fly, it's a real thing  
I'm the kite I'm getting high on you

I'm on the heaven when we touch  
No one can't tell me whom to love  
Oh no no no  
Yeah, it could be so easy (oh, it's getting late)
