

# Only Your Heart

Benjamin Ingrosso

(Only your heart, your heart)  
(Only your heart, your heart)

The first time we met  
The first time together  
Took only one look; I knew it forever  
Yeah, I could feel, I could feel  
How my heart kept beating away  
Yeah, I don't know, I don't know  
If I ever gonna see you again  
You should know that

Only your heart, your heart  
Could tell what to do now  
Only your heart, your heart  
I'm telling the truth, yeah  
I wanna stay in this moment tonight  
Baby, yeah  
Only your heart, your heart  
Could make me feel the way I do

I wanted to dance while they were playing  
Yeah, I saw you walk  
Now tell me, what are we waiting for?  
Now were you leaving or staying? I looked around  
You know my heart just skipped a beat and I nearly died  
Yeah, baby, yeah

Only your heart, your heart  
Could tell what to do now  
Only your heart, your heart  
I'm telling the truth, yeah  
I wanna stay in this moment tonight  
Baby, yeah  
Only your heart, your heart  
Could make me feel the way I do

(Yeah, yeah, yeah, yeah, yeah, yeah)  
(Yeah, yeah, yeah, yeah, yeah, yeah)  
I wanna stay in this moment tonight  
Baby, yeah  
Only your heart, your heart  
Could make me feel the way I do
