

# In Circles

Benjamin Orr

Give me one good reason  
Tell me how you feel  
Well, is it just a teaser  
Or is it all too real?

You slip and I start thinking  
Not a lot to say  
Well, show me something different  
New along the way

Just spinning me in circles  
Never get the fix I need  
Oh, oh, down and around in circles  
It's always you and never me

First you tell me one thing  
Then you tell me two  
If someone here is crazy  
I place the bet on you

Just spinning me in circles  
Never get the fix I need  
Oh, oh, down and around in circles  
It's always you and never me, no, no

Why do you refuse  
(Refuse)  
To play it by the rules?  
All the time you know  
(You know)  
It really drives me wild  
(Drives me wild)

You slip and I start thinking  
Not a lot to say  
Well, show me something different  
New along the way

Just spinning me in circles  
Never get the fix I need  
Oh, oh, down and around in circles  
It's always you and never me, no, no

Why do you refuse  
(You choose)  
To play it by the rules?  
All the time you know  
(You know)  
It really drives me wild  
(It drives me wild)

Give me one good reason  
Tell me how you feel  
Well, is it just a teaser  
Or is it all too real?

Just spinning me in circles

Never get the fix I need  
Oh, oh, down and around in circles  
It's always you and never me, yeah, yeah

And a little bit crazy  
And you can never see  
Yeah and a little bit crazy  
Oh, oh

And a little bit crazy  
And you can never see  
Whoa, and would you get crazy  
Only you talk to me

And a little bit crazy  
You can never see  
Always you, can't be beat, yeah  
And would you get crazy  
And you can never see  
Talk to me  
(No, no, no)

And a little bit crazy  
You can never see  
But you could never see
