

Skyline

Benjamin Orr

Wandering aimless, blinded
Star-crossed, love lost, find me
Wheel-aligning, back to uptime
Empty eyes, the endless skyline

Countless images calling
Staring, starving, hungry
Travel roads that hold no answers
Back to square one; out of guesses

I know the feeling
I feel like you do
I've been where you've been too

Used up, burned out, wanting
Countless memories haunting me
Wheel-aligning, back to uptime
Empty eyes, the endless skyline

I know the feeling
I feel like you do
(I feel like you)
I've been where you've been too, yeah

I know the feeling
(I feel like you)
I feel like you do
(I feel like you)
I've been where you've been too

Wandering aimless, blinded
Star-crossed, love lost, find me
Wheel aligning, back to uptime
Empty eyes, the endless skyline

I know the feeling
I feel like you do
(I feel like you)
I've been where you've been too, yeah

I know the feeling
(I feel like you)
I feel like you do
(I feel like you do)
I've been where you've been too

I know the feeling
(I feel like you)
I feel like you do
(I feel like you)
I've been where you've been too

I know the feeling
(I feel like you)
I feel like you do...
