

Spinning

Benjamin Orr

What am I to do about this?
Who am I to you?
There's a splice somewhere in all this

You can find a way, you know it
Not so hard to do
All you got to do is show it
It's only got to do with you

Spinning our wheels
Spinning our wheels
Spinning our wheels for years
You can't get there
You can't get there
You can't get there from here

Doesn't seem so well connected
Threads are almost bare
Something's new; just not expected
Tell me is it really there?

Spinning our wheels
Spinning our wheels
Spinning our wheels for years
You can't get there
You can't get there
You can't get there from here

Why should this be so hard?
So close
Why are you afraid?
Just tell me where we are
I would try another way
How can I get to you?
Where do I begin?
I try, but can't get through
You won't let me in

Spinning our wheels
How does it feel?
Caught in the wheels for years

Doesn't seem so well connected
Threads are almost bare
Something's new; just not expected

What am I to do about this?
Who am I to you?
There's a splice somewhere in all this
It's only got to do with you

Spinning our wheels
Spinning our wheels
Spinning our wheels for years
(Spinning)
You can't get there
You can't get there

You can't get there from here
(Yeah)

Spinning our wheels
How does it feel?
Caught in the wheels for years
(Spinning, wheels)
You can't get there
You can't get there
You can't get there from here
(Yeah, yeah)

Spinning our wheels
Spinning our wheels
Spinning our wheels for years
(Spinning, wheels)
You can't get there
You can't get there
You can't get there from here
