

## Like It Or Not

Benjamin Tod

I could live a million lives  
And never feel the joy I hide  
When you walk into the room  
But I lost my only chance with you

Like it or not I'm the one who always cared  
Like it or not I'll forever be yours dear  
Like it or not you may never be mine too  
Like it or not I'm still in love with you

I see you dance with everyone  
When I call your name you always run  
I know we had our bad times babe  
Can't you see that I'm forever changed

Like it or not I'm the one who always cared  
Like it or not I'll forever be yours dear  
Like it or not you may never be mine too  
Like it or not I'm still in love with you
