

Satisfied With Your Love

Benjamin Tod

I was a drifter going down
You came and picked me off the ground
I stood there before thee stunned in all your glory
Satisfied with your love

I'm so satisfied with your love
You came to me like the shooting stars above

I was a loner with a grudge
Lord I just couldn't get enough
You walked through the doorway
Showed my eyes a new shade
Satisfied with your love

I rode the darker side of life
I used to drink and smoke and fight
I've been domesticated
I don't even hate it
Satisfied with your love

I'm so satisfied with your love
You came to me like the shooting stars above

I was a stray with wanderlust
No home since I was just a pup
And all I ever needed was a truer reason
Satisfied with your love

Satisfied with your love
