

If It Wasn't For Jesús

Benjamin William Hastings

Don't know how I ever did it
Go a day without You in it
Guess You were and I just missed it
For all the ways that life worked out
When I look back, man there's no doubt
How lost I'd be right now

If it wasn't for Jesus, God knows where I'd be
Still tryna find healing in all the wrong things
Thinking I knew 'bout freedom with chains on my feet
All rhyme and no reason
All me and no meaning
If it wasn't for Jesus
If it wasn't for Jesus

Don't know why You ever did it
Trading places with a cynic
Gave your life while I dismissed it
But in my mess, or in my doubts
You reached through hell, You brought me out
I doubt I'd still be here right now

If it wasn't for Jesus, God knows where I'd be
Still tryna find healing in all the wrong things
Oh I remember the feeling, without You it's bleak
All rhyme and no reason
All me and no meaning
If it wasn't for

Your love Lord
Since I found it
Don't wanna live without it
Hands high
Open hearted
Where would I be without
Your love Lord
Since I found it
Don't wanna live without it
Hands high
Open hearted
Where would I be

If it wasn't for Jesus
If it wasn't for Jesus
I'd still be falling to pieces, but missing a piece
All rhyme and no reason
All me and no meaning
If it wasn't for

Your love Lord
Since I found it
Don't wanna live without it
Hands high
Open hearted
Where would I be without
Your love Lord
Since I found it

Don't wanna live without it
Hands high
Open hearted

Where would I be without it
