

# Away

Benji Lewis

I been on the road and out of time  
Passin through, I cross it all the time  
But I cannot wait  
Til I can relate  
I won't erase

Pen my words, but will it come out right  
How I been, I kept it all away  
Well I wanna wait  
Til I can escape

How bout we hide away  
I say we get away

How bout we hide away  
I say we get away

All I can hear  
Inside, outside  
Will it phase me  
Turn out, I'm away

Now all I wanna hear  
Anything, from outside  
How will I know, phase me  
Will I turn, I'm away

Findin space, I'm chattin with my friends  
Need a beat, gotta catch my breath  
Loosen the ties  
Yea let me unwind  
I won't erase

Up to now, I'm rollin, never say  
But now I know, I gotta take it back  
I cannot wait  
Til I can escape

How bout we hide away  
I say we get away

How bout we hide away  
I say we get away

How bout we hide away  
I say we get away

All I can hear  
Inside, outside  
Will it phase me  
Turn out, I'm away

Now all I wanna hear  
Anything, from outside  
How will I know, phase me  
Will I turn, I'm away

How bout we hide away  
I say we get away

How bout we hide away  
I say we get away

How bout we hide away  
I say we get away
