

Came Back

Benji Lewis

You reach my hand, don't let it go
I say it's love, I swear it's true
I've come all this way, lot on my mind
But one thing's for sure, no one can deny
I came back to you, I'm here, won't go
Come back, come back, come back to you
Come back, come back, come back, for you

It took some time, my heart, it waits
Won't give away, to no one
Have no idea, they don't deserve
What my love is, what it can be, it waits

Don't wanna waste no time
Can't leave it all behind
I'm stayin up all night
Now will you cross that line

Now we're here, down come the walls
Let them fall, you won't hurt
My mind plays a game
It pushes me forward, and pulls me back
Which way I want, I know, go forward
I came back to you, I'm here, won't go
Come back, come back, come back to you
Come back, come back, come back, for you

Thoughts become so loud
I need your words again
Whisper softly still
It's all I need, It's all I need

Don't wanna waste no time
Can't leave it all behind
I'm stayin up all night
Now will you cross that line
