

# Head Rush

Benji Lewis

I met you out on canning street  
You looked at me that way and  
I saved my hours for you  
Why'd you hesitate then

Young heart  
Slow starts  
Rough seas  
We can't cross  
Old dreams die hard  
Head Rush  
Can't stop it  
Starlight  
Your eyes  
You said you tried  
I'm still in deep  
Heart still racin for

You, you, you  
I'm still waiting, I'm still waiting  
You, you, you  
I'm still waiting, I'm still waiting

You caught me by surprise, it's true  
Didn't know I was falling  
You gave me everything you could  
If only it was enough for us

Young heart  
Slow starts  
Rough seas  
We can't cross  
Old dreams die hard  
Head Rush  
Can't stop it  
Starlight  
Your eyes  
You said you tried  
I'm still in deep  
Heart still racin for

You, you, you  
I'm still waiting, I'm still waiting  
You, you, you  
I'm still waiting, I'm still waiting
