

Movin' Up

Benny Benassi

You think I care if you're not there
That you're the only one and I'd never dare
To let you go but you don't know
The way I really feel in my heart and soul

You've gone too far don't want you more
I need to move on up so walk out the door
You gotta go you gotta know
The way I really feel in my heart and soul

I'm movin'up and you go down
Movin'up and you go down
I'm movin'up and you go down
Up up down down down down

Movin' up up up up up up up up
Movin' up up up up up up up up

You think I'd cry or run and hide
If you decide to go I'll be satisfied
To see you leave 'cos I believe
We're never gonna be what we used to be

Look in my eyes I can't disguise
Don't love you anymore I only desire
To see you leave 'cos I believe
We're never gonna be what we used to be

I'm movin'up and you go down
Movin'up and you go down
I'm movin'up and you go down
Up up down down down down

Movin' up up up up up up up up
Movin' up up up up up up up up
