

basic bitch

Benny Mayne

His hair - wack
His gear - wack
His jewelry - wack
His foot stance - wack
The way that he talks - wack
The way that he doesn't even like to smile - wack
Me? I'm tight as fuck

I gave you my love, you gave the run round
Treat you like my plug, I hate the come down
Talk down on those hoes, you're one of them now
Roll down the window so I can jump out

Like what the fuck was that shit? How you switch so quick?
And tell me you were savage, but you know you ain't slick
Girl I know, you know, I know, you can't unsuck that dick
Now everybody knows, you're just a basic bitch

You a basic bitch, just a basic bitch
Learn what faithful is, that's some basic shit
Always taking pics, taking dick
You're faking it, that's some basic shit

You a basic bitch, just a basic bitch
Another basic bitch, you a basic bitch
Always taking pics, taking dick
You're faking it, that's some basic shit

Hey, it's me. I fucked up. Please, please call me. I miss you.

Treated me like family, hope your brother knows we cool
You treated me like plan b, went and played me for a fool
You did what you did and so it's done now
Roll down the window so I can jump out

Like what the fuck was that shit? How you switch so quick?
And tell me you were savage, but you know you ain't slick
Girl I know, you know, I know, you can't unsuck that dick
Now everybody knows, you're just a basic bitch

You a basic bitch, just a basic bitch
Learn what faithful is, that's some basic shit
Always taking pics, taking dick
You're faking it, that's some basic shit

You a basic bitch, just a basic bitch
Another basic bitch, you a basic bitch
Always taking pics, taking dick
You're faking it, that's some basic shit

That's some basic shit
You a basic bitch
Basic bitch
