

dancing on the edge

Benny Mayne

Woke up anxious, in my blankets
I don't wanna leave this bed today
Reading captions, no reaction
Cloud above my head and it's pouring rain
And all my bills are late, I procrastinate
Always focus on the things that I fuckin' hate
And I don't feel like doing anything, yeah

I'm dancing on the edge
Hope I don't fall
Ooooh ooooh
Cause I've been in my head
For so long
Ooooh ooooh
And I got shit to do I could care less
So I wake up everyday to the same mess
I'm dancing on the edge
Hope I don't fall, hope I don't fall
Ooooooh

And I know I should workout, I should meditate
Not spend my time alone and over medicate
There's either too much or too little on my plate
Everyone's happy, how come I can't be
And I think my friends hate me
I think I'm a burden, so I always fake it, yeah yeah
And I buy shit I don't need just to fill the hole in me
Ooah

I'm dancing on the edge
Hope I don't fall
Ooooh ooooh
Cause I've been in my head
For so long
Ooooh ooooh
And I got shit to do I could care less
So I wake up everyday to the same mess
I'm dancing on the edge
Hope I don't fall, hope I don't fall
