

# drown

Benny Mayne

I got some problems in my head  
I got some new hoes in my bed  
Do the same thing every damn night  
In the deep, tryna hold my breath

I think I'm fallin' (yeah)  
But you don't notice it  
I killed a bottle (yeah)  
And I don't notice it  
I'm in the water  
It's at my shoulders (yeah)  
I go in farther  
Just like you wanted

Don't let me drown  
Alone and slowly sinking  
Look at me now  
I ain't ever been this deep  
No more saving me

Don't let me drown  
You know I'm ahead  
I know that it's bad

Don't let me drown  
I ain't ever been this deep  
No more saving me

When I go under, just sit and watch it  
The waves wash over my dirty laundry  
Do what I told ya, I get too proud  
You see me jumping and now I'm not your problem

I think I'm fallin' (yeah)  
But you don't notice it  
I killed a bottle (yeah)  
And I don't notice it  
I'm in the water  
It's at my shoulders (yeah)  
I go in farther  
Just like you wanted

Don't let me drown  
Alone and slowly sinking  
Look at me now  
I ain't ever been this deep (no, no)  
No more saving me (no, no)

Don't let me drown  
You know I'm ahead  
I know that it's bad

Don't let me drown  
I ain't ever been this deep  
No more saving me
