

robbery

Benny Mayne

Fifteen hundred hoes and they all want me
Throwin' 'round the blame put it all on me
Could never understand how this love ain't free
Bitch treat my heart like a robbery

Fifteen hundred hoes and they all want me
Throwin' 'round the blame put it all on me
Could never understand how this love ain't free
It's a robbery, get down, she said
Stick 'em up, bodies in the trunk
I ain't playin', I've had enough
She said, stick 'em up
I come from the mud
I just want your heart
I don't really give a fuck
Fifteen hundred hoes and they all want me
Throwin' 'round the blame put it all on me
Could never understand how this love ain't free
It's a robbery

Got nothin' to lose girl I don't die
Sippin' on this juice got me up high
I got no excuse girl I don't die
I'm down to ride, I'm down to ride
Tighten on my noose baby I'm fine
Take my breath away girl I don't die
So don't try, I won't try
I'm not alright, I'm not alright

Fifteen hundred hoes and they all want me
Throwin' 'round the blame put it all on me
Know I'm paranoid, can't get no sleep
It's a robbery, get down, she said
Stick 'em up, bodies in the trunk
I ain't playin', I've had enough
She said, stick 'em up
I come from the mud
I just want your heart
I don't really give a fuck
Fifteen hundred hoes and they all want me
Throwin' 'round the blame put it all on me
Could never understand how this love ain't free
It's a robbery

So cold, caught in the middle of an ice storm
You'll see me shiver if you're up close
I hate it when you're so cold
Don't go, caught in the middle of your love song
Are we fightin' when the trust gone
The gun is in my temple

She said stick 'em up
Bodies in the trunk
I ain't playin'
I've had enough
She said stick 'em up
I come from the mud

I just want your heart
I don't really give a fuck
She said stick 'em up
Bodies in the trunk
I ain't even playin'
I've had enough
Yeah yeah, stick 'em up
I come from the mud
I just want your heart
I don't really give a fuck, yeah
I just want your heart
I don't really give a fuck, yeah
I just want your heart
I don't really give a fuck, yeah
