

## Definite High

Benny Sings

When in fields that you won't forget  
So many calls, it doesn't push you yet  
It's a definite high of a woman  
Just to let 'em know, "I think it's time to break up", oh baby

You should bring it down another day  
When summer turns into spring time  
You should bring it down another day  
Girl you love me now, okay

In fields that you won't forget  
So many calls, it doesn't push you yet  
It's a definite high of a woman  
Just to let 'em know, "I think it's time to break up", oh baby

You should bring it down another day  
When summer turns into spring time  
You should bring it down another day  
Girl you love me now, okay
