

## Distance

Benny Sings

Guess it happened once again  
How can I turn back the clock?  
Distance makes the heart grow strong  
How I long for you my love

Did you say the things you wanted?  
I think we can make it through  
I will do my best to find you  
Sometimes takes a day or two

Distance makes the heart grow strong  
How I long, I long for you  
Distance makes the heart grow strong  
Will it make you long for me too?  
Like I long for you

Did you like the cards I sent you?  
Don't you think they say a lot  
Summers, they don't last forever  
I think we might have a shot

Distance makes the heart grow strong  
How I long, I long for you  
Distance makes the heart grow strong  
Will it make you long for me too?  
Like I long for you  
Like I long for you  
Like I long for you  
Like I long for you
