We can make the world go 'round
Don't stop living upside-down

Money makes a man, not makin' it, yeah
When you have an awful lot, my luck we're back in it, so
Come on, now
Money makes a man, not makin' it, yeah
When you have an awful lot, my luck we're back it, so

It's hard to trust someone, are you the one?
It's undecided, it's undecided, yeah
We were far from tough and strong, but we held on
Yeah, we survived it, yeah
Yeah, we survived it, baby

Money makes a man, not makin' it, yeah
When you have an awful lot, my luck we're back in it, so
Come on, now
Money makes a man, not makin' it, yeah
When you have an awful lot, my luck we're back it, so

You'll all be broke, it's what we are
Feel alive, yeah, feel alive, yeah
I never thought I'd be the one, but here we are
You can't deny, oh, you can't deny it, baby

Money makes a man, not makin' it, yeah
When you have an awful lot, my luck we're back in it, so
Come on, now
Money makes a man, not makin' it, yeah
When you have an awful lot, my luck we're back it, so

Yeah, yeah, yeah, no
