

## Let's Go

Benny Sings

There's a chance 'round any corner  
To pick up where you left off  
Look around you, there's no borders now  
We're almost there, baby

There's place inside you feel it  
Feel the magic in the air  
Keep your head up in the sky  
We can't do no wrong  
Where we belong, baby

They say the sky is the limit  
But we have got such a long way to go  
You know there's just no way you can know  
Just stick around, I tell you girl  
We don't need planes and no tickets  
There is a place that I wanna show you  
So let's go  
Let's go  
Let's go  
'Cause I know  
Together we can make it  
Hold on, hold on tight

Walk with me, I'll show you the city  
There's a sign on every street now  
They will guide you to where you wanna be  
You're almost there, baby, baby

Just imagine all the things that  
We can do in just one day  
All it takes is you and me and we're on our way  
'Cause we belong together now, together now

They say the sky is the limit  
But we have got such a long way to go  
You know there's just no way you can know  
Just stick around, I tell you girl  
We don't need planes and no tickets  
There is a place that I wanna show you  
So let's go  
Let's go, we gon'  
Hold on, baby girl  
Together we can make it  
Hold on, hold on tight
