

Pyjamas

Benny Sings

We can take a walk on Cobana Beach
Read a book or two 'bout the birds in Cali
We could see a movie 'bout São Paulo
Have you seen the new documentary?

Candy bars and wine in the winter
Man, I got you wrapped 'round my finger
Ooh, I just can't wait to get you home
Oh no, this can wait 'till tomorrow
My heart's skipping beats like a bongo
Beach is so predictable
I'll take you to the Poconos

Hey, wait, what we gonna do today?
They, say, don't let it slip away
I wanna be in pyjamas
I like to wear my Havaianas
They, say, don't let it slip away

Wait a minute baby, first thing's first
Make a salmon sandwich with some pickles
Believe me baby, wanna quench your thirst
But let me run to CVS real quick though

Candy bars and wine in the winter
Man, I got you wrapped 'round my finger
Ooh, I just can't wait to get you home
Oh no, this can wait 'till tomorrow
My heart's skipping beats like a bongo
Beach is so predictable
I'll take you to the Poconos

Hey, wait, what we gonna do today?
They, say, don't let it slip away
I wanna be in pyjamas
I like to wear my Havaianas
They, say, don't let it slip away
