

Sunny Afternoon

Benny Sings

I love October
Here where the rhythm don't stop
You know love is right around the corner
Night vision, colours fading in me
All I know is getting things in order

It's a sunny afternoon, but I need you here
I'm nothing without you
It's a sunny afternoon, but I'm freezing here
I'll be coming back real soon

You are soft-spoken
I can't believe it's all gone
You know love is right there where you make it
Just know that you've got a friend in me
So come on, it's time to celebrate it

It's a sunny afternoon, but I need you here
I'm nothing without you
It's a sunny afternoon, but I'm freezing here
I'll be coming back real soon

You needed some space
And I don't wanna make a fuss
You had to leave
It's better for the both of us

Sunny afternoon, baby girl
Oh, oh
Oh yeah
Sunny afternoon, baby girl
What I'm 'bout to do, oh, oh
It's a sunny afternoon
Oh, oh
It's a sunny afternoon
