

The World

Benny Sings

You better get right on it, girl
No better way to see the world
Than with me, my love (Hey)
So many books upon your shelf
Wait 'til I get you for myself
It's easy, love (Hey)

All that math and history
It don't mean that much to me
Oh-ooh-oh, oh-ooh-oh
Get those books away from me
Come and see the world

Living it up in Malibu
Living it up in the South of France
Living it up in Mexico
Living it up down in Amsterdam
Living it up in Tokyo
Living it up in Colombia
Living it up in Monaco
Living it up in Shangri-La

Somebody get me out of here
I've got a new plan for you, dear
Come away with me (Hey)
Why do you get so heady, love?
Hurry because I'm heading off
It's late, you see (Hey)

Physics and biology
It don't mean that much to me
Oh-ooh-oh, oh-ooh-oh
Get those books away from me
Come and see the world

Living it up in Malibu
Living it up in the South of France
Living it up in Mexico
Living it up down in Amsterdam (Hey)
Living it up in Tokyo
Living it up in Colombia
Living it up in Monaco
Living it up in Shangri-La (Hey)

(Math and history)
Living it up in the South of France
(Don't show the world)
Living it up in Mexico
Living it up down in Amsterdam (Hey)
Living it up in Tokyo
(Books and pictures)
Living it up in Colombia
(Don't describe us, girl)
Living it up in Monaco
Living it up in Shangri-La (Hey)
