

Penny & Shaq Freestyle

Benny The Butcher

The Butcher comin', nigga
Ayo, Spesh, these niggas owe us
Haha, ah
Ayo, uh

Quick decisions when you gotta eat
Buyin' Rollies got niggas runnin' through time, like quantum le
ap
A little different when you got it cheap
Relayed more white on the kitchen counter than Madonna's sheets
This for the hustlers, but how many is left?
When you thinkin' Benny and Spesh, you thinkin' Penny and Shaq
Before this tour shit, I'm really in your city with packs
I cooked it all, and what I lost, the plug gon' give me it back
Yeah, a man of will, I held my can and still
The plan was still to put horses on a head wrist and a steering
wheel
You gettin' A1 service and a deal
Nigga, my block givin' plays like a clearance sale
Ain't nobody thank me, but I grew the market
I got active, I practiced shootin' at movin' targets
One big crib and two apartments
And a rich team, 'cause cream determine on who the strongest (A
yo)
It's us, nigga

I told niggas be aware
I'm top five, they watch my stock rise to a G a share
I fall back, then re-appear
Without a loan, got a lot of homes that I own, free and clear
I get you killed without bein' near
Your life savings is a mill', but my bitch make three a year
One on one is bein' fair
I get double vision when niggas meetin' square, I start seein'
pairs
First toy was a green Benz
The dream ends when you get to the top, but can't bring friends
I don't judge how a fiend bench
Where I'm from, crackheads live longer than the kingpins
Since then, I ain't faced danger
You mad at me because you broke, that's misplaced anger
Pistol in my bitch waist trainer
I'm not an artist, but when I'm with your bitch, I'm a face pai
nter
