Everybody wanna know who would be better (Tyson vs Ali), Tyson or Ali?

Yo, uh

They compare the greatest to the greatest like Boston vs. the Lakers

Question, do your legacy rest dependin' on where you rank

Amongst the current and the late? If so, I feel like I'm straight

But rappin' and sellin' weight, I just had them genetic traits

Or do people really care? Do they just wanna hear the music?

So confusin', y'all compare two niggas from the same movement

Only for y'all amusement, it's funny for me, y'all do it

Truth is, while I'm killin' this shit, Conway be somewhere rootin'

Y'all niggas still sound the same, put out somethin' exclusive (Uh)

Need a hundred more soldiers, the word out that I'm recruitin' (The butcher comin', nigga)

We throw so many clips, that way, we can make movers (Brrt)

Brick in the car three lanes away from a state trooper

Where I'ma be in twenty years? I ain't looked that far ahead yet

Workin' overtime, doc said I should stop, get my leg rest

I made dope re-rock and stretch with a gram press

Made more than a med tech, payin' double for head taps (Doot, doot, doot)

The bigger the paper, the longer the conversation (What you talkin' bout?)

Played in the streets where the locks never come with no combination

If I let you get some money, don't fuck up the operation

You know hood rules apply when it come to this kind of gangster

So your bitch a bottle girl with a gullible occupation

Told her about Buffalo, now she wonder when I'ma take her

Ain't no tellin' what other rapper she fucking, so I don't chase her (Uh-uh)

She down to do anything for a couple more operations, huh

Tana Talk 4, I'm handin' out raw

You in the slammer by law, I never abandon my boy

They askin' am I street? My track record standin' like Floyd

I'm more street than y'all, the fuck I gotta answer y'all for? The butcher, nigga

They tried to pick you off, but that's really a movin' screen (Hold up, listen)

Uh, you and your team gon' see like two or three rings (Ah)

Win that MVP trophy, that's such a beautiful thing (Yeah)

We was in the kitchen whippin' soft
A nigga life changed though when he got that brick of fentanyl (Talk your sh
it, Con)
Yeah, it's been like five years of excellence
But it's like they don't respect this shit (They don't respect it)
Had Angie Martinez like, "Who the heck is this?"
With no album out, gave Mary J. a hundred thousand dollar necklace, so effor
tless (Hahaha)
I'm buyin' drip, the tailor takin' my measurements
Michelin star brunch, Machine been settin' precedents (I'm eatin' good, man)
