

# Slow It Down

Benson Boone

I'd never met you, but I wanted  
To invite you to the party  
Then you walked in with those green eyes  
Never stolen by nobody  
And they flicker to the future  
For a moment, I could picture  
Then you touch me, and I come back  
And we're talking on the staircase  
'Bout your big dreams on the big screens  
Out of Georgia, now you're lonely in this city  
Layin' with me  
And you're scared it's moving quickly  
Oh, now you're crying, you're in pieces  
'Cause the only love you've ever known is Jesus  
I can feel it  
Oh, I hate that I'm the reason that you're

In your head right now  
While your whole world is spinning out

So, slow it down  
Take a moment now  
We're too young to drown  
Deep in dirty waters  
Full of hopeless doubt  
Let me pull you out  
Let me hold you now  
Let me slow it down

Ain't it funny how it changes  
How the future rearranges?  
I get nervous, oh I'm anxious  
Maybe loving you is dangerous  
I could lose you like the others  
Only girl that's never left me is my mother  
Oh, I love her  
And I know you probably hate it, but I'm

In my head right now

So, slow it down  
Take a moment now  
We're too young to drown  
Deep in dirty waters  
Full of hopeless doubt  
Let me pull you out  
Let me hold you now  
Let me—

Slow it  
Slow it down  
When you're on the ground  
And you're crying  
I'm trying (Slow it down)  
To slow it down  
When you're spinning round  
In your head

Ooh-ooh-ooh, ooh-ooh  
I'll help you slow it down
