

## Hold Out

Benton Falls

let's make sure i've got this right.  
where did i spend the night?  
where did i leave my boots?  
let's make sure i'm kissing that girl goodbye.  
tonight.  
and all this time.  
the lights should have gone.  
let's make sure i've got this right.  
before i kiss you tonight.  
and hold out.  
and hold out.  
and hold out.  
the truck's parked in the back.  
so passerbys won't see.  
my luck's run out.  
the truck's been stolen
