Coffein shocks, braindead
Workin' all night my day fades
All my friends in the club
I'm left alone
One, two, three, four five six calls

Missed out
Friends, Parents, and my Grandad
Where you at?
Nineteen
A dead end
I was happy back then til I noticed
Things change and so do I need to change yeah

Maybe I'll sign the 27 Club Now
To see God and peacefully shutdown
At the end of it all
Save me lord!

I always wanted to be different
Blinded I overlooked the precious
Familiar, yet comfortable
