

Highlight Of The Day

Beres Hammond

Dream Warriors Intro...

Beres

Did I wake you too sudden baby
Did I take you out of your slumber
Did I disturb your sweetest dreams
It's just a lovers game
I just had to do it baby trust me
I love to watch you sleeping
To see that everything was right
Oh but I felt this passion coming over
Over and over and over
And I just got to let you know

It's been a long day
We're both tired from working hard
We're almost forgetting to play
This is all I want to say
Just to remind you that
We're missing the highlight of the day

Now that you're almost wide awake
I'm willing and ready for the take
This is where the cookie crumbles
Whether a single or a double
I'd settle for whatever
Honey let me melt in your arms
Hold me even when the clock alarms
Take the phone off the hook
Kill me with that dirty look
Let me sign in your book
