

# I'm Alive

Beres Hammond

Irie! Irie!

Gonna lift my voice in praises... yes  
Gonna shout it go sing it loud  
Up in the morning I say my prayer  
Thank you father for another day  
Let me declare it right away

I'm alive... yes  
I'm alive  
My money in the bank  
Owe no rent  
Here I am still give thanks  
Ask me how; I don't know  
I no pro  
But I'm alive... yea aye  
I'm alive

I see the sun and I see the rain... yes  
I feel joy in my father's name  
Tear might fall every now and then  
I still give thanks to the full extent... yes now  
Up in the morning I say my prayer  
Thank you father for another day  
Let me declare it right away

I'm alive... yes  
I'm alive  
My money in the bank  
Owe no rent  
But here I am still give thanks  
Ask me how; I don't know  
I ain't no pro  
But I'm alive... yes  
I'm alive

I can walk without fear or doubts... yea  
Go to sleep with little to worry about  
I do know there's danger everywhere... yea aye  
So I pray dear father always be near  
Up in the morning I say my prayer  
Thank you father for another day  
Let me declare it right away

I'm alive... yea  
I'm alive  
My money in the bank  
Owe no rent  
But here I am still give thanks  
Ask me how; I don't know  
I ain't no pro  
But I'm alive... yes  
I'm alive

I challenge the day with an open mind  
Just in a way Jah, Jah would design  
Know I will falter

But in time, I will grow  
I will grow  
Can't be old to be taught  
Can even learn something from the youth  
Give a little nod if you know the truth... yea... aye

Up in the morning I say my prayer  
Thank you father for another day  
Let me declare it right away  
I'm alive... yes  
I'm alive  
My money in the bank  
Owe no rent  
But here I am still give thanks  
Ask me how; I don't know  
I ain't no pro  
But I'm alive... yes  
I'm alive... yea  
I'm alive... yow

Woo God  
I'm alive... yeah  
Yea aye... aye... aye  
Alive... yeah  
Everything just fine... yes  
I'm alive  
Nutting can't beat that... yes  
I'm alive... yow  
Wooo... God  
I'm alive... yea  
Yea aye... aye... aye  
I'm alive... yea aye
