

# Smile For Me

Beres Hammond

Smile for me,  
For a little while for me,  
Now that you're here with me,  
Make my day brighter.  
Walk for me, and do the baby talk for me,  
Say guggle guggle gaggle guggle guggle,  
Make it mean I love you with all of my might.

I couldn't understand why,  
Everytime you come by,  
You're always in a hurry,  
Say you wanna get your sleep.  
I thought it was your mama's plan,  
But now I know you got a man,  
I can't turn back now,  
All the baby talk has let me in too deep.

So smile for me,  
For a little while for me,  
Now that you're here with me,  
Make my day brighter.  
Walk to me and do the baby talk to me,  
Say guggle guggle gaggle guggle guggle,  
I love you with all my might.

The truth about the situation is,  
I really crave your hugs and kiss,  
They put me in a mood,  
That only you alone can give.  
I'd love to be with you all day,  
But my conscience standing in the way,  
As a straight up man got to let you know,  
I'm performing with a guilt still won't you...

Smile for me,  
For a little while for me,  
Now that you're here with me,  
Make my day brighter.  
Walk to me and do the baby talk to me,  
Say guggle guggle gaggle guggle guggle,  
Love me with all of your might.

I wish it wasn't so,  
Oh I hate to let you go,  
Tell me it's just a dream,  
If things could work out,  
My little heart,  
Would sing and shout.  
I'm the only one you'll see.

Smile for me,  
For a Little while for me,  
Now that you're here with me,  
Make my day brighter.  
Walk to me and do the baby talk to me,  
Say guggle guggle gaggle guggle guggle,  
Mean I love you with all of my might...
