

Don't Go

Berhana

I've made my bad decisions
Dark sin opened my eye
Just pray like, "God, forgive em'"
Cause I've stumbled 'pon new light
Broke through in the night like thieves
So bright but it feel so righteous
I'm taking in all the sides

Can't explain I'm honest, honest
Call this out of body
Sacrifice the nihilist, nihilist
Just to feel you on me
I'm taking in all the sides
Cause I don't wanna waste time
Oh, do, do, do
Do, do, do do-

Don't go, don't!
I want it all, all, all
See God and I done chose
So I need you to know

That I don't take this lightly
Can't believe it's real
Never found one like this
Need you for myself
And I don't want nobody
Don't want nobody else
I want you here beside me
Need you all the time

So don't go, don't!
(Want you right beside me, want you right beside me)
Oh woah woah
(Can't let this go sideways, can't let this go sideways)
Don't go, go, go
(Want you right beside me, want you right beside me)
Cause I need you to know
(Can't let this go sideways, can't let this go sideways)

Say what they wanna
But I don't pay no mind (I don't wanna pay no mind)
Cause I'd lose me, if I lost you
Love rushes (I'm on my way, on my way, on my way, Oh)
Like I can't control it (I can't control)

Swear to God won't waste my time with you
Reflect light like diamonds do
Make sure I make time for you
No man does what I could do
Love don't run in place
The way I come, no one and done
No missin' practice, I need you
Comin' back for you (Always back for you!)

I got your back just trust
Taking our time, no rush

Head of the pack, I paid my dues
Used to be back of the bus
Girl, take my just trust me
Taking my time, no rush
If they drag our name in the mud
We could come back like gods...
