Waiting, waiting lover
Why'd you cry?
I've been waiting,
I've been hating you lately
Start watching, watching you go
Are they all the same?
Are they all the same?
And I know

I'm lost in the crowd
(oh no woo ooh)
I'm lost then I'm found
(oh yeah ooh ooh ooh)

I'm lost in the crowd
(oh no woo ooh)
I'm lost then I'm found
(oh yeah ooh ooh)

Changing, changing baby
All the time
I can do without all the
Rumors and new lovers

Watching, watching it's a crying shame Cause they wanna stay, But they're all the same Am I lost in the crowd

Crying, crying baby all the time Cause he'll leave you And then find another girl to use

Watching watching while loves gone by And He won't take me back,
He won't take me back,
And I know why
I'm lost in the crowd
