

Lust

Berlin

Save me from my selfish love
Drag me from this endless lust
Wrestle with my violent words
Save me from this garden of hurt

Cause I know you
You know me
You're a beautiful stink in the garbage
Tempting me
I know you
You know me
You're a beautiful snake in the garden
You set me free
Set me free

Save me from my selfish love
Drag me from my endless lust
Wrestle with my violent words to kill
Save me from this garden of hurt

Cause I know you
You know me
You're a beautiful stink
In the garbage
Tempting me
I know you
You know me
You're a beautiful snake
In the garden
You set me free
Set me free

I know you
You know me
You know me

I know you
You know me

I know you
You know me
You're a beautiful snake
In the garden

I know you
You know me
You're a beautiful snake
In the garden
You set me free
Set me free

I know you
You know me
I know you
