

## Sacred and Profane

Berlin

Rock star, sing my song  
Be my brand new toy  
You're a Marvel Man  
A fallen poster boy

Rock star, sing my song  
Make me yours alone  
You're the highest high  
The lowest of the low

You look down at me  
I hear in whispers what you want  
Seeing where you go  
I follow on the spot

I want to know you I want to know your name  
Push me to the wall  
I want to know you I want to know you'll stay  
I know I'm going to want it all  
I want to know you I want to know your name  
Sacred and profane

Rock star, sing my song  
So close I hear you breathe

I love you Marvel Man  
And your obscenity

You look down at me  
All wrong, so real  
How do you know me  
And everything I feel

I want to know you I want to know your name  
Push me to the wall  
I want to know you I want to know you'll stay  
You know I'm gonna want it all  
I want to know you I want to know your name  
Sacred and profane

I want to know you I want to know your name  
Push me to the wall  
I want to know you I want to know you'll stay  
I think I'm gonna have it all  
I want to know you I want to know your name  
Sacred and profane
