

Talk Talk Video

Berlin

Hey there, Whadd'ya know
I see you gazing at the talk-talk video
Don't know, why what you mean
When you start laughing at the talking machine
You say the stuff is better than pills
With it's future shocks & future thrills
I'm not stupid, but I don't understand
How you control your visions with a touch of a hand

Talk Talk Video-I hear, dear
Talk Talk Video-loud & clear
Talk Talk Video-frequency reception
Talk Talk Video-Talk Talk Video
Talk Talk Video-I see, dear
Talk Talk Video-Quite clear
Talk Talk Video-reception is perfection
Talk Talk Video-Talk Talk Video

Channels changing channels changing movement to mind
Runaway programs with the runaway time
Fingers firmly grip the control
Give them a twist of the vertical hold
Existing in the 1st & 2nd dimension
vying each other for your attention
Bombarded by a sonic barrage
Entrancing electric collage

Talk Talk Video-I see, dear
Talk Talk Video-loud & clear
Talk Talk Video-frequency reception
Talk Talk Video-Talk Talk Video
Talk Talk Video-I see, dear
Talk Talk Video-Quite clear

Seems to have a lot to say
Keeps on talking every day
Never seems to hear you talking

I hear it talking almost every day
& it always seems to have something to say
Yes, boys & girls, it's quite a box
It sings like Christ & it talks
Hey there, Whadd'ya know
I see you gazing at the talk-talk video
I'm not stupid, but I don't understand
How you control your visions with a touch of a hand
