

Disconnect

Bernard Fanning

I'm calling on a revelator
To guide me through the complicated
Every other day
I floated up above my station
An upwardly mobile sedation
To screen it all away
I forget where I am sometime
But I've well rehearsed dress circle lines
To keep them all at bay

Somewhere down deep in your mind
Did you disconnect the line to my love?
Did you give up on fighting for us?
Such a hopeless case, so tired of the game
Did you disconnect the line to my love?

Oh, all the years are gone by now
So we euthanised the sacred cow
I'm like a bull at the gate, tired of the chase
Always looking for a reason to withdraw from the game
The sum of my bad decisions has put me in my place

Somewhere down deep in your mind
Did you disconnect the line to my love?
Did you give up on fighting for us?
Such a hopeless case, so tired of the game
Did you disconnect the line to my love?
Did you give up on fighting for us?

Oh, I want to know why this low hum static keeps ringing in my head
Coming at me soft and low to remind me of the things I should have said
And if your ghost gonna follow me and abandon every decency
Better tell that ghost gotta let me be, let me be

Oh, let me be, let me be
Let me, let me be, let me be
Let me, let me be, let me be
Oh, let me be, let me be
Let me, let me be, let me be
Let me, let me be, let me be

Did you disconnect?
Did you disconnect?
Oh, did you disconnect?
Mmm, did you disconnect?
Did you disconnect
