Shit

Uh

You know the big Bay Area's in the building

Yeah

Uh

Yeah

I'm addicted to the game

I'm addicted to the game

The finer things in life

Gotta stress 'em, f*ck greed

All black everything, I'm rich off weed

Big money deals, got us all switchin' teams

Digital scales, I don't rock the triple beam

In and out of town, yeah, I'm here for a night

Cali roll at the stop sign, I'm runnin' through the lights

The streets need Bern, they f*ckin' with the price

f*ck your lil grow spot, I get a couple off a light

I used to cut the white, yeah, I played with the cris

It's the Bay in me, I still break a bitch

I'mma Frisco cat, I will die for my city

You know that Girl Scout and the Pie in my city

The Y get me dizzy, I get high with the hippy's

Acid drops on my tongue, like I'm in the 60's

We be really outside if they tryin' to hit me

They gon' get shot at

I hope they all die with me

They say the money changed me, but I could never change

Yeah

I'm addicted to the game

And when the money comes and they get to actin' strange

Yeah

I'm addicted to the game

He said he sent it out, but the package never came

Yeah

I'm addicted to the game

I be poppin' champagne and smokin' new strains

Yeah

I'm addicted to the game

Too much drama on my phone

Shit's crazy, f*ck greed

They be trippin' off money like they don't touch cheese

Back to back Euros, throw a hunnit' to a fiend

More holes in the yard 'cause these hundreds aren't clean

Smokin' on Gelato while we down from the lean

He poured the whole bottle like he tryin' to O.D

Stars on my roof, yeah, I gave away the Benz

Gang politics tryna' take away my friends

A hundred thousand on the field, on the table I'mma fool

I been rich, I'm just tryna' play it cool

About to make a move, burn a quick eighty bands

All my ladies dance, and love takin' Xann's

We fit plenty in them vans, I'm in Humboldt trimmin' plants

Up and down the 101, drivin' careful as I can

Yeah, with the weed I'm the man
I bought a hundred P's when I got my advance

They say the money changed me, but I could never change

Yeah

I'm addicted to the game

And when the money comes and they get to actin' strange

Yeah

I'm addicted to the game

He said he sent it out, but the package never came

Yeah

I'm addicted to the game

I be poppin' champagne and smokin' new strains

Yeah

I'm addicted to the game
