

Coach

(Sap is on the—)

The coach last longer than the player
How we underground but everything major?
I'm sorry, this year, I'm fresh out of favors
It's been all about the paper, all about the paper
Said, the coach last longer than the player
How we underground but everything major?
I'm sorry, this year, I'm fresh out of favors
It's been all about the paper, all about the paper

The coach last longer than the cats with the bats
Or the ones with the ball, don't ever think small
If I'm kickin' game, better soak it up
Another bridge burned, better know what up
We get money by the T-O-N
I be everywhere solo, I don't need no friends
On the Bay Bridge in a spaceship
On the way to some freaks that spend
Fat cats get smily but I'm way too persistent
They thought I'd die, but your boy's in remission
I'm duckin' AirTags, they want a D.A.R.E. bag
Roadtrip money hidden in the airbags
I should teach a class on how egos flash
The cats get squirrely when they need some cash
I just duck the bullshit and breathe on hash
Certified kingpin, think that we won't last? Shit

The coach last longer than the player
How we underground but everything major?
I'm sorry, this year, I'm fresh out of favors
It's been all about the paper, all about the paper
Said, the coach last longer than the player
How we underground but everything major?
I'm sorry, this year, I'm fresh out of favors
It's been all about the paper, all about the paper

The teachers last longer than the student
Never been [?] but my bank account fluid
Liquid, the best to ever do it
One post on the 'Gram, another gram rollin'
See, they wanna come at your boy 'cause where I'm at
This a whole different stature, boy, I'm on the map map
Run big plays only, should've been a quarterback
Place your order, probably chillin' somewhere where the border at
Tell 'em, "Run it back if you really with it"
Lot of dope boy talk, who really live it?
Lot of cats in my camp didn't see the vision
Twenty years later, see my face on the television
You bought a bust down, I own my own bus now
Back-to-back touchdowns, I do it for the rush now
Put your glass down and tell 'em, "Pick your bag up"
My competition shook, got the white flag up, yeah

The coach last longer than the player
How we underground but everything major?
I'm sorry, this year, I'm fresh out of favors

It's been all about the paper, all about the paper
Said, the coach last longer than the player
How we underground but everything major?
I'm sorry, this year, I'm fresh out of favors
It's been all about the paper, all about the paper

I'm sorry, with the favors, I'm fresh out
Lookin' like a million dollars when I step out, yeah
Big boy talk
You gotta listen to the coach
A lot of motherfuckers gettin' stubborn, hard-
headed, they ain't listen, it's okay, man
From seed to sale, yeah
Put your bags up, put your bags up, huh
Coach last longer than the player
Said, the coach last longer than the player
Yeah, we underground, but everything major
Coach last longer, coach last longer
Coach last longer
Yeah, we underground, but everything major
