Berner

Oh yeah, I'm feelin' extra saucy  
(I got Traxx on this)  
They say your network is your net worth  
At that, I'm an expert

It feels good not to give a fuck, I'm loaded, I don't trust enough  
Can't roll 'em big enough, I told 'em, "I ain't givin' up"  
From a three-five to a G5  
Yeah, you know I had to live it up  
I bet the phone ringin' now, circle small  
Few people and we ain't need a round, ended up leavin' town  
Spin around, bitch, let me see that thing shake  
She threw me in the back room and told me that it taste great  
I'm smokin' down the top floor, already won, wanna lie more?  
Yeah, who shops more? Who cops more? (Huh?)  
Hella vac bags stuffed in my top drawer  
The underdogs on top again, you got another playlist, lock it in  
Young, rich, wild with a lot to spend  
Icon, but I'm humble  
They can't match the hustle, made me glad that I struggled

I wish every day felt like this (We wake up feelin', I wish, I wish)  
I wish every day felt like this (We gon' get it, I wish, I wish)  
New Patek, new status  
Three, four million dollars hidden in the attic  
One thing about me, I'ma always live lavish  
I wish every day felt like this (Let's go)

It feel good not to be in the mix, we really lit  
Yeah, the Feds have a fit when everything is legit  
I spin block three times before I pull up  
Snakes in the grass can't fool us, haters wanna do what?  
Kill the noise in the club with my boys back-to-back  
Hash holes got your boy paranoid  
I'm loaded like I'm on two pills, Forrest Gump with new deals  
Big Bern, I'm too real

Okay, Yahemi mixed with the À La Mode  
I been the boy since Berner had that Cherry Pie soil  
I rock on the private jets with racks in my socks  
Mr. Don't Quit, we to the top, a hundred bands, you could shop  
I'm in Louis with the wop, not been tamin' no bops  
I'm entertainin' the guap, we could make your crop pop  
It'll sell by the box, I'm in Lambo with my Crocs  
Talkin' millions with Pops

I wish every day felt like this (We wake up feelin', I wish, I wish)

I'm talkin' 'bout, if we don't wake up feelin' it  
We go right back to bed and wake back up feelin' it
