

Low Temp

Berner

(Traxx on this)

Welcome to the sesh, no hot-nails or cocktails
Just some heady shit, we pay more, we don't want deals
Cold-cured rosin on a warm nail
I'm back on hash, love the exhale
Welcome to the sesh, no hot-nails or cocktails
Just some heady shit, we pay more, we don't want deals
Cold-cured rosin on a warm nail
I'm back on hash, love the exhale

My eyes red, nice and low
Guzz kill the terps, keep the temp nice and low
I want another one, the taste keep callin' my name
Make my mouth water, plus secure all the pain, where that cold water?
We don't smoke BHO, 90u first pull
Take all of my dough, I want that small batch, I'm washin' my glass
Waitin' for the homie's car, shit, cleared and glass
Chillin' butter-rub, and it cure in my jar
Smell like the pear, got me takin' dabs in my car
Where the hash holds? Somebody grab those
'Cause when I get sober, I'm an asshole

Welcome to the sesh, no hot-nails or cocktails
Just some heady shit, we pay more, we don't want deals
Cold-cured rosin on a warm nail
I'm back on hash, love the exhale

My head-high nice and heavy
My stash on-point with the hash, yeah, nice and heady
I want that shit that dumb and taste like fruit
20K for a key, I'll take that too
Mix papaya with the grapefruit, I'll taste that too
But no GMO please, that shit ain't cool
No mothership, yeah? But that's okay
I do need a new rig and I'm gon' pay
No cheap glass, not for me, I need the one
Did a whole room of [?], froze it all just to run
I want that shit you can't buy
I love gettin' high off exclusive supply

Welcome to the sesh, no hot-nails or cocktails
Just some heady shit, we pay more, we don't want deals
Cold-cured rosin on a warm nail
I'm back on hash, love the exhale
