

No Mids

Berner

Fuck a sheep, we don't follow no man
Fall asleep, with the Hammer guarantee, It won't jam
They want my tittle but just landed in work I run circles 'round cats
I can tell they feelings hurt, bagging up work
5k a piece, I'm all in the south still playing with the streets
I bought a whip for my crib in LA
Could've bought my own island but I'm still in The Bay
Big top, dawg shit, ask your man where he copped from
Twenty years deep in the game it made my heart numb
That boy all talk
I'm in it for the long run, I ball all year I can't wait until the fall come
My outdoor really looks like ins, man we went crazy in 2010
Less friends, more wins, old school, gold rims, I'm the Goat
When it comes to the smoke there's no mids

When it comes to the smoke there's no mids
Only way I'm buying 'em bricks is sealed lids
I'm buying them dope zips, I'm buying them dope kicks
When I fall asleep I'm sleeping with .30 clip
When it comes to the smoke there's no mids
Only way I'm buying 'em bricks is sealed lids
I'm buying them dope zips, I'm buying them dope kicks
When I fall asleep I'm sleeping with .30 clip

I'm sleeping with .30 clip case some suckas tryna plot on my shit
Call my momma just to tell her moms you moving this year
Track the package every time expect the pack in the mail
When I save for rainy days catch me stashing a mil
Gary Payton in this vibe, you ain't smoking like this
Left The Bay when I was young Moved to sac in 06
Started rapping at 14, I been talkin' my shit
You ain't ballin' like this, all 'em foreigners is rented
Creciendo como el chivo por las libras la vende
Fuck yo' muscle, we got heat, you can catch me at Venice
Cookie duffel bag watch out don't step on my dunks
Supreme, Bogo for the top go for three hundred bucks why spend 10 on
a chain that you just finna tuck
Rollers pull me to the side but they can't check the trunk
Rollers pull me to the side but they can't check the trunk
When you have a nice day I just hit for 'em bucks
