

# Noid

Berner

Ouuwee, this weed got me paranoid (so 'noid, so 'noid)  
Oh shit, the effects hit me so hard (so high, high, high)  
It must be full of cannabinoids (cannabinoids, cannabinoids)  
Please sell me a quarter, how much you want for it? (sell me some) (how much you gonna charge?)

This shit got me sleepwalkin', we don't sleep often  
Three bags on the table cause I need options  
What is that? I think I smell a seed poppin', shit  
Where the hell you been? Weed shoppin' (you trippin')  
You can smell it through the bag I took a dab  
And now I'm stuck and I don't wanna leave the pad  
(I'm just chillin') And while my heart beatin', can you hear it?  
I'm paranoid, I'm lookin' out my rear view mirror (I'm in my rear view mirror)  
TSA, they got the eye on my bag  
But I forgot, I'm Big Bern and they don't care what I have (they ain't trippin')  
They wave me thru take a pic and then they give me a dap (what up)  
I hit the G- pen on the plane then I take me a nap (I'm out)  
The lemoncello's so good that I keep every batch (I keep it all)  
But you can grab a QP, just throw me a rack (I need a G)  
Them Scotty bags get burned, we got plenty on packs (we got it)  
And becareful on my line, I think my shit is tapped (paranoid)

Ouuwee, this weed got me paranoid (so 'noid, so 'noid)

Been smokin' weed since back, way back  
Rollin' up a sack, lookin' at Pat Sejak  
But I haven't felt like this in a minute  
Who grew this new shit and what did they put in it?  
Feelin' like a midget, oh my bad, a little person  
In the sky, high, tryin' to fly with no rehearsin'  
Man, I only felt worse than this when I'm on that liquor  
Come on, boy, have a drink, hey fuck it nigga  
Got to get blowed, quick, why waist time?  
Double shot of Jose got to chase mine  
What the fuck is this? I'm so high  
How much should I buy?, Fuck it give the whole thing  
Me and my niggas stand in line like soul train  
Smoke all night like propane cacaine no mane  
I can't sabotage my stuff, this weed got a nigga paranoid enough

This year Thanksgiving fell on a Tuesday  
It's my world, motherfucker, fuck what the rules say  
All black clouds like it's your doomsday  
Married to the game, so this is what the groom say

I'm so motherfuckin' 'noid right now  
Good thing that I'm hangin' with my boys right now  
All the way to Heaven with Devin and Berner  
I got my dope sack off of 11th and Verner  
And it's a cookie pack  
Big Snoop Dogg, yeah I took it back  
See I'm a veteran, nigga you a rookie pack  
Look at that nigga right here, and those bitches over there  
And all of that smoke that's floatin' in the air  
Yeah we ball and pop  
On my block you better not call the cops  
No matter what you thought or what you'd seen  
Hid my dope so I can get away clean

Ouuwee, this weed got me paranoid (so 'noid, so 'noid)  
Oh shit, the effects hit me so hard (so high, high, high)
